Dec 2013

[An Introduction to Interactive Programming in Python](#) by Rice University on Coursera

Key Skills:

Python, Django, Django Rest Framework, GraphQL, Git, TDD, Nginx, PostgreSQL, Angular

Additional Information:

My pet projects:

- simple game on Python and Kivy: <https://bitbucket.org/egorpoder/ricerockskivy>
- experiments in developing ToDo list in Django(with channels) and latest Angular (at the moment is not latest): <https://github.com/Akay7/ToDoList>

Sometimes I make pull requests, mostly because find bugs in open source projects, which I'm use in my work, you can have to look at my github account: <https://github.com/akay7/>
