Citizen: Russian Federation

## Software Developer Summary

- Over ten years of experience in **Web-Development**
- Deep knowledge of Django and its ecosystem: **Django Rest Framework(DRF)**, **Celery**(backed by **RabbitMQ**), Cache(backed by **Redis**), **Wagtail**, **Channels**, **pytest**, **django-allauth**, **Strawberry Django**
- Experience in finding and debugging slow queries in both **MariaDB** and **PostgreSQL**
- Familiar with asynchronous python frameworks and their ecosystem: **aiohhttp**, **Tornado**, **FastAPI**, **Pydantic**, **peewee-async**
- Have experience in writing front-end with **Angular** and **VueJS**
- Have experience in **DevOps** tasks from setting up proxies on virtual server to building Kubernetes clusters with **GitOps** configuration
- I'm **CKA**, **CKAD**, **CKS** certified by the by **The Cloud Native Computing Foundation (CNCF)**

## Interests

I like to drink black tea during the day and coffee lattes in the morning. Regularly participate in trail runs and half marathons. Also as a family, with my wife and daughters, we love to travel and discover new places and activities.

## Employment & Experience

**Private Practice / Freelance** online

**Backend Developer** July 2025 - Present

Led backend development using Django and FastAPI. Contributed to system architecture, task decomposition, and codebase scalability. Wrote unit tests, configured GitHub Actions pipelines, and performed code reviews to maintain high code quality.

**Biligent** Rayong, Thailand

**Automation Specialist** September 2024 - July 2025

Provide consulting on IoT architecture, device integration, and data pipelines to support smart operations and digital transformation. Lead the migration of in-house virtualization infrastructure from VMware ESXi to Microsoft Hyper-V, improving system scalability, cost-efficiency, and management. Support cloud/on-premise integration, performance optimization, and cybersecurity best practices.

**Hyperskill** Czech Republic & USA

**Backend Developer (Remote)** September 2021 - April 2024

Development of the backend part of a web application that provides access to training courses through the web and mobile applications. Configuring and development integrations with third-party and internal services. Writing unit tests and documentations.

**Maxiru** Boca Raton, FL, USA

**Lead Backend Developer (Remote)** January 2021 - August 2021

Development of the backend part of the service for cruise lines. Technical communication with the client. Decision making and planning for project architecture development. Participate in establishing rules and processes to improve team productivity. Assist Project Manager in preparing stories/tasks, planning sprints, organizing quick help in case if the customer encounters difficulties.

**Private Practice / Freelance** online

**Lead Developer (Remote)** December 2019 - December 2020

Backend development of web applications(Django, aiohttp). Task decomposition, managing backend developers, code review. Administering Kubernetes clusters. Consulting and brought the infrastructure and code into compliance with PCI DSS.

**Gefco** Moscow, Russia

**Senior Developer (Remote)** November 2017 - November 2019

Full-stack development of CRM systems for internal use of transportation company. Making integration with other internal and external systems.(Django, ExtJS, Angular, RabbitMQ)

**Tinkoff Bank** Moscow, Russia

**Developer** August 2017 - October 2017

Worked as a Developer in the Smart Online Services Development Unit of the Customer Relationship Management Systems Development Department of Information Technology.(Tornado, PHP, Django, JS)

[re:point](#) Novosibirsk, Russia

**Python developer (Remote)** October 2015 - March 2017

I develop the back-end of websites and REST API for mobile applications in the projects for private customers.(Django, Tornado)

[Bars Group](#) Kazan, Russia

**Software Developer** June 2015 - October 2015

Development and support of software products written using Django and ExtJS for educational institutions and government agencies.

## **Education & Certification**

[Managing Kubernetes Applications with Helm \(LFS244\)](#) by The Linux Foundation

[Service Mesh Fundamentals \(LFS243\)](#) by The Linux Foundation

[Cloud Native Logging with Fluentd and Fluent Bit \(LFS242\)](#) by The Linux Foundation

[Monitoring Systems and Services with Prometheus \(LFS241\)](#) by The Linux Foundation

[Certified Kubernetes Security Specialist \(CKS\)](#) by The Cloud Native Computing Foundation (CNCF)

[Kubernetes Security Essentials \(LFS260\)](#) by The Linux Foundation

[Kubernetes for Developers \(LFD259\)](#) by The Linux Foundation

[Certified Kubernetes Application Developers \(CKAD\)](#) by The Cloud Native Computing Foundation (CNCF)

[Kubernetes Fundamentals \(LFS258\)](#) by The Linux Foundation

[Certified Kubernetes Administrator \(CKA\)](#) by The Cloud Native Computing Foundation (CNCF)

[LFS171x: Blockchain for Business - An Introduction to Hyperledger Technologies](#) by LinuxFoundationX on edX

[LFS170x: Blockchain: Understanding Its Uses and Implications](#) by LinuxFoundationX on edX

[Mobile Web Specialist](#) by Udacity, co-created with Google

[Stavropol Communication College](#)

**Software for Computers and Computer-Aided Systems** Diploma 2008 - 2012
